

Creation of IBM CLOUD SERVICES

Team ID	PNT2022TMID38568
Project Name	Smart waste management system for metropolitan cities

SCREENSHOT OF CLOUD ACCOUNT CREATION:

The screenshot displays the IBM Cloud console interface. The top navigation bar includes the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (Gogul B's Account). The main content area shows the 'Internet of Things Platform-xv' resource, which is active. Below this, there's a section titled 'Let's get started with IBM Watson IoT Platform' with a 'Launch' button. Further down, the 'IBM Watson IoT Platform Journey' is outlined with three stages: Lite, Non-Production, and Production. The 'Lite' stage is currently selected and marked as complete. The 'Production' stage includes a link to 'Continue your journey on IBM Marketplace'.

Ready for the next level?
IBM Watson IoT Platform Journey

- Lite**
The Lite service plan provides a lightweight development environment to get you started with the connectivity capabilities of Watson IoT Platform.
 - Free
 - 200 MB data-transfer limit
 - 500 application bindings limit
 - 500 registered devices limit
- Non-Production**
The Non-Production service plan is a full-featured, fully-integrated offering that enables you to explore Watson IoT Platform to see how the service can fit into your IoT environment.
 - Starts at \$500 per month
 - Capacity limit based on device type
 - Optional Analytics Service and Blockchain Service add-ons
- Production**
The Production service is a fully managed SaaS offering that enables you to manage and analyze enterprise IoT data.
 - Includes IBM Service & Support
 - Pricing based on number of devices per device type
 - Optional Analytics Service and Blockchain Service add-ons
